JSB FUND

II. JSF- Shares of JSB decentralized Fund

- JSB decentralized Fund is planned by 1 amount of blockchain shares.
- The number of shares is valued by the amount of assets included in JSB Fund's Smart Contracts.
- Shares Symbol: JSF - Fullname: JSB Fund Security Token Offering.
- 1 JSF = \$ 1 digital asset put into JSB Fund.
- Therefore, JSF can only be created by the JSB ecosystem through the signing of investments with Stablecoin USJ.
- The total number of JSF issues is calculated by the amount of USJ deposited in the fund.

JSB FUND

JSF SHARES VALUE

Consuming trading

JSF can be used to trade for goods and services in the JSB ecosystem as well as ecosystem of JSB's partners.

Hoarding Property

JSF uses collateral for accepting loan operations, collateralizing assets in the ecosystem to comply with decentralized financial conventions.

Growing

JSF will be converted into stakes of partners that participate in the JSB ecosystem following to the algorithm. These shares will generate dividends and grow in the future.

JSB FUND

How to own JSF blockchain shares

- To get JSF you have to buy JSF shares through JSB Fund.
- Using the stable-coin USJ of JSB Defi ecosystem to own JSF.

JSB FUND

Rewarding 10% of the number JSB Pool Global which has been traded on international exchanges (according to the exchange rate of investment):

- Binance Dex
- Coinsbit
- Latoken
- Finexbox

JSB FUND

IV. MARKETING STRATEGY

MARKETING

A vibrant red background features the word "MARKETING" in large white letters. Various marketing-related icons are integrated into the letters: a megaphone, a briefcase, a laptop showing a graph, a magnifying glass over a question mark, a barcode, a target with a dollar sign, a play button, a gear, a clock, an eye, and a leaf. Small figures of people are shown interacting with these icons. The scene is set against a backdrop of clouds and a sun-like shape.

JSB FUND

JSB FUND

5. USJ Global Reward Fund

Global Reward

Bonus on the amount of USJ minted in the system.

Based on monthly accumulation of binary PV points.

Based on % of your PV vs. global PV.

10% USJ minted in the system will be rewarded following to the proportion of shares held by PV

Example:

- The total PV network: 100.000 PV
- Investor have: 1000 PV
→ Investors hold 1% PV shares.
- Total minted USJ: 1.000.000 USJ
→ Global reward fund: 100.000 USJ
→ Investor receive 1% of 100.000 is 1.000 USJ
