JSB STAKE PROGRAM

All blockchains have one thing in common: Transactions need to be validated. Proof-of-Stake (PoS) is one such consensus mechanism, and there can be different variants and hybrid models. This mechanism is called crypto staking. Joining in the staking program allows token holders influence on the decision – making. By staking token, token holders can get the right of vote and earning benefits as well. This is an same as the way of people get bonus when keep their money in bank.

STAKING JSB POLICY

STAKE INTEREST

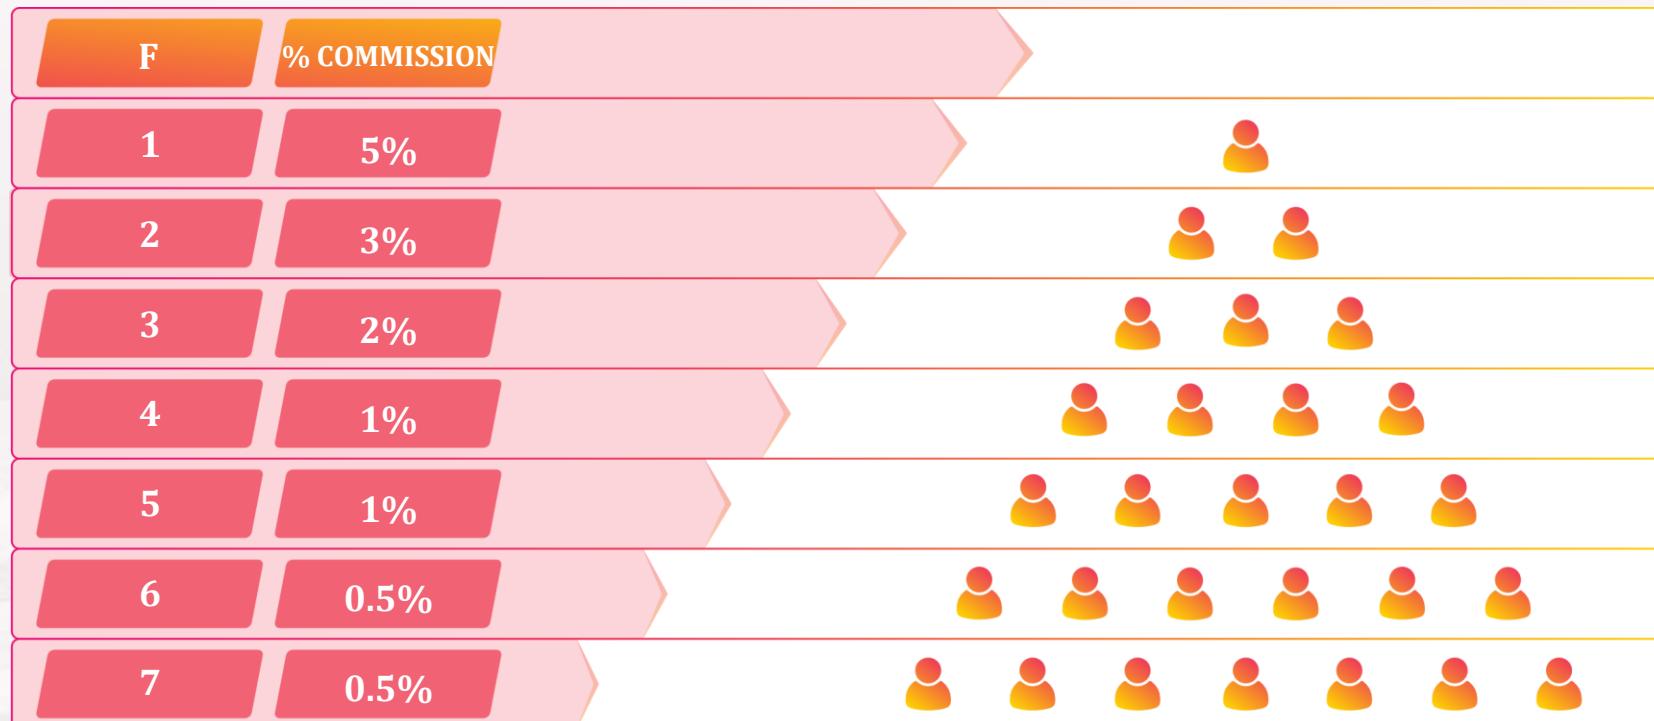

- Stake interest depends on the violation of JSB price on the market and the average JSB price over the last 30 days

Interest	Daily stake interest	Monthly stake interest
Lowest	0.266%	8%
Highest	0.666%	20%
Average	0.466%	14%

- JSB price < JSB average price in 30 days => Low Interest : 0.266% / day
- JSB price > JSB average price in 30 days => High Interest : 0.666% / day
- JSB price = JSB average price in 30 days=> Average Interest : 0.466% / day

MARKETING REWARD

- F : Receive rewards from referrals.
- Bonus conditions : Staking at least 100 JSB.

Example: A F1 investor invests 10.000 JSB will receive the commission of 5%. That means his/her reward is 500 JSB (5 percent of 10.000)
